

How to Buy a Domain Name (Website Name) from GoDaddy.com

Step-by-Step Guide

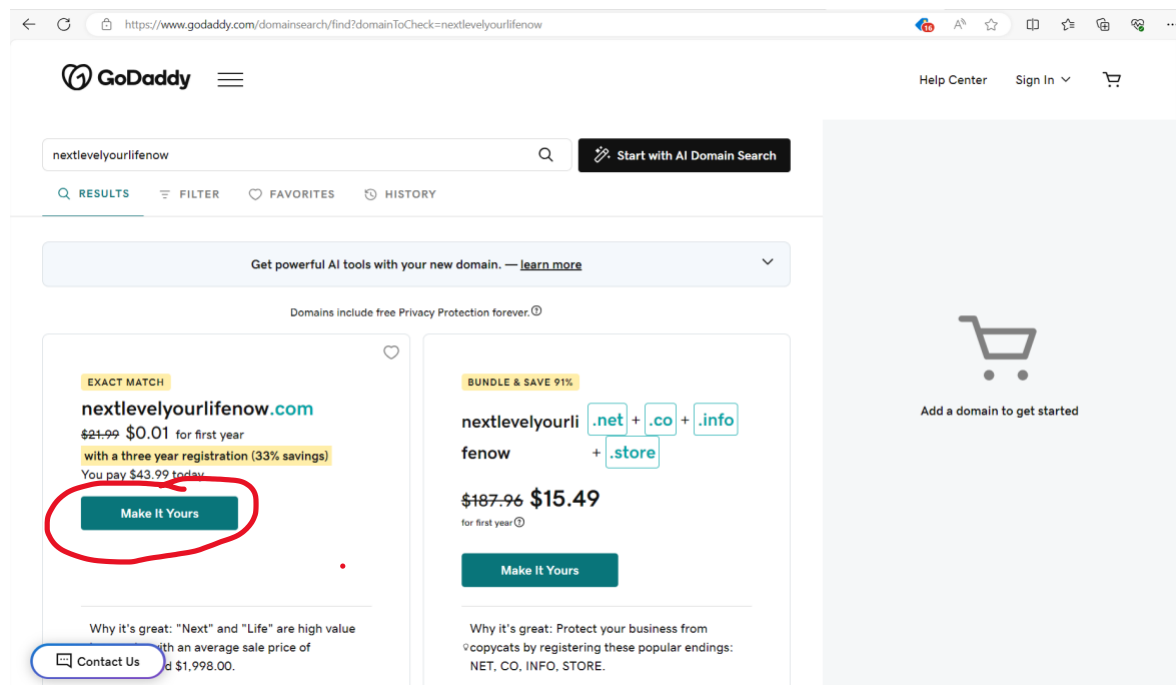

Step 1:

Go to [GoDaddy.com](https://www.godaddy.com). Enter the website name you want and click on the dark green button that says Search Domains to see if it is available. If it's not available, keep searching until you find one that is available.

Step 2:

If the domain you want is available, you can purchase it by clicking on the dark green button "Make It Yours".

Step 3:

Once you have added the website name to your cart, you will be asked if you want to bundle all the other extensions like .org, .net, .co ,etc. so no one can copycat your website. That's a personal choice – **but it is entirely optional.**

After you have filled in the personal details, click on “Create Account”.

During the “create your account” process, you may be asked to verify your email. If so, be sure to open a new browser window to access your email account so you don't accidentally exit the GoDaddy purchase process.

Be sure to write down your Email, Username, and Password as you will need this information for your domain email and for hosting. File this information in a safe place so you can find it again easily.

Step 7:

You will then be asked if you want domain protection. **It is NOT necessary**, but you can purchase it if you wish.

For Email Option, be sure that **“No Professional Email”** is selected. You will create your professional email through Google Workspace (Step 3 in the BTI Getting Started Steps).

Once you have made your selection regarding domain protection, click on the **“Continue to Cart”** button.

Protect your domain.
If your business, portfolio, or brand is built on your domain protect it from unauthorized changes with our Full or Ultimate Domain Protection plans.

☐ **Full Domain Protection** \$9.99/domain per year
Recommended ~~\$12.99~~
• Requires your approval for vital changes like deleting, transferring, or other unauthorized edits via 2-factor verification.

☐ **Ultimate Domain Protection** \$19.99/domain per year
• Full Domain Protection, plus protects your domain for an **extra 90 days** if your credit card or billing method expires. ~~\$32.99~~

☒ **I do not want domain protection.**
• We highly recommend Full Domain Protection, but it is an optional feature.

Tell the world your site is Coming Soon.
Put your domain to work with a free, one-page Coming Soon website.*

☒ **Included with Domain**

Build credibility with a custom email address.
A branded email address like **You@lifecoachelevate.net** shows you take your business seriously.

☐ **Microsoft 365 Email Essentials** \$2.99/mo
Best Value ~~\$7.99~~
• 10 GB of cloud storage for email, contacts, and calendar sync.

☐ **Microsoft 365 Email Plus** \$3.99/mo
• 50 GB of cloud storage for email, contacts, and calendar sync. ~~\$9.99~~

☐ **Microsoft 365 Business Professional** \$8.99/mo
• 50 GB of cloud storage for email, contacts, and calendar sync. ~~\$19.99~~
• Create, collaborate, and work from anywhere with 1 TB of online storage.
• Download full suite of Microsoft 365 apps like Excel, Word, Powerpoint, etc. on five devices.

☒ **No Professional Email**

Step 8:

Your plan will automatically default to purchasing the domain for 3 Years – but click on the drop-down button and select “1 Year” to start if you are on a budget and need to watch expenses. After you have chosen how many years you wish to purchase, click on “I’m Ready to Pay”

Please note: You will need to renew it after the expiration date for your website address to continue working. You will receive email reminders, but it is a good idea to keep the “auto renewal” option on (It is on by default so you don’t have to do anything for this option), so you don’t overlook the renewal date and risk having your website go down.

The screenshot shows the GoDaddy website interface. At the top, the GoDaddy logo is on the left, and 'Contact Us 24/7' is on the right. Below the logo is a search bar with the placeholder text 'Every great idea deserves its own domain name'. The main content area is titled 'Your Cart' and includes the text 'GoDaddy is a trusted growth partner to millions of everyday entrepreneurs.' Below this, there is a section for the domain 'nextlevelyourlifeflow.com'. A red circle highlights the domain registration options, which include a dropdown menu for '3 Years' (selected), '1 Year', '2 Years', '5 Years', and '10 Years'. The price for the 3-year term is \$43.99, with a 33% discount from the original price of \$65.97. Below the domain selection, there is a section for 'Full Domain Protection' which is recommended for \$9.99/yr. To the right of the domain selection is an 'Order Summary' section. It shows '1 Item' and a 'Subtotal (USD)' of \$43.99. Below the subtotal, it mentions '4 interest-free payments of \$10.99' and includes a 'Learn More' link. There is also a 'Have a promo code?' link. At the bottom of the order summary, there is a 'PayPal' button and a red circle around the 'I'm Ready to Pay' button. Below the 'I'm Ready to Pay' button is a 'Satisfaction Guaranteed' link and a 'Contact Us' button.

Step 9:

You will now be taken to the checkout process. Fill in your personal details.

Tip: If you have a PayPal account, choose to pay with that method. It will help to ensure that should your credit card expire, or if your bank issues the same card account under a different number – your account will still automatically renew, and you can avoid an unexpected interruption of service. That could happen if you forget to update a credit card number or expiration date, and/or overlook renewal reminder emails.

FINAL STEP:

You'll see a button that says **“Publish”** or **“Not Now”**. **Choose “Not Now”** as your site will be published by your webmaster or hosting provider after your ready-made website is installed.

You can now close out of GoDaddy and move on to other tasks.

Note: GoDaddy, (like any company), will try to upsell you email and hosting services. You can ignore this and choose other recommended email and hosting options. If in the end – after reviewing all of the steps and recommendations in your [“Getting Started”](#) process – you choose to host with GoDaddy, you can always come back and revisit this option when you get to the “hosting” step.
